ABOUT ME

4 year experienced Full-Stack Developer with a strong foundation in the MERN stack, specialising in React, Node.js, Express, MongoDB, TypeScript, and SQL. Passionate about building scalable web applications and optimising performance while contributing to Agile methodologies. Skilful at mentoring, improving code quality, and collaborating with cross-functional teams to deliver robust solutions.

PROFESSIONAL EXPERIENCE

Full-Stack Developer @ Randstad(Client: J&J) | Aug, 2024 – Present

Key responsibilities:
- Developed and optimised scalable web applications using **React**, **Node.js**, **Express**, and **SQL**.
- Improved API response times by **30%**, enhancing backend performance and scalability.
- Lead **state management optimisations**, reducing UI lag by **20%**.
- Ensured **code quality** through rigorous peer reviews, **SonarQube-based code improvements**.
- Maintained **90% average threshhold**, improving stability and reducing technical debt.
- Actively contributed to **Agile workflows**, including **sprint planning**, **backlog grooming**, and **effort estimation**.
- Led **technical hiring efforts**, conducting interviews and building a strong development team.
- Collaborated with **BA**s **& QA**s to define **acceptance criteria** and **System Integration Testing (SIT) criteria**, respectively.

Application Developer @ Accenture | Jan 2024 – Aug 2024

Key responsibilities:
- Developed a **single-page e-commerce application** using **React, Node.js, and TypeScript** within a **Micro-Frontend architecture**.
- Ensured project milestones were met by **adhering to Agile methodology**, leading to a **successful platform launch**.
- Conducted **code reviews**, ensuring scalability, modularity, and adherence to accessibility best practices.
- Maintained **90% code coverage** using SonarQube, enhancing maintainability and security.
- Participated in **design reviews**, ensuring consistency and usability across the platform.

MERN Developer @ Infosys | Jul 2021 – Jan 2024

Key responsibilities:
- Developed and maintained end-to-end website features using **React.js, Node.js,** and **Express.js**.
- Collaborated with **cross-functional teams** to refine UI/UX designs and troubleshoot technical challenges.
- Followed **Agile development** practices to deliver high-quality features on schedule.
- Developed a **React Certification Program** that evaluated **10,000+** employees, ensuring their expertise in React.
- Mentored **10 interns**, facilitating their **MERN stack project completion** with an **80% retention rate**.

SKILLS

- **Frontend:** React.js, Redux, TypeScript, JavaScript, HTML, CSS, Redux Toolkit, Zustand, Micro-Frontend
- **Backend:** Node.js, Express.js, MongoDB, SQL, NoSQL, Mongoose, Sequelize
- **Development Tools:** Git, GitHub, BitBucket, Jenkins, SonarQube, Agile (Scrum)
- **Collaboration:** Agile Story Grooming, Jira, Confluence, Sprint Planning, Business & QA Coordination, Team Mentorship

EDUCATION BACKGROUND

Institution	Degree	Score
Lakshmi Narain College of Technology & Science, Bhopal	B. Tech in Mechanical **(2015 - 19)**	7.5 CGPA
Christukula Mission Her. Sec. School, Satna	12th (PCM) **(2013 - 14)**	72%
Christukula Mission Her. Sec. School, Satna	10th **(2011 - 12)**	74%
