- **Lakshmi Narain College of Technology & Science, Bhopal**

  B. Tech in Mechanical

  2015 - 2019

- **Christukula Mission Her. Sec. School, Satna**

  12th, ICSE

  2013 - 14

- **Christukula Mission Her. Sec. School, Satna**

  10th, ICSE

  2011 - 12

About Me

Innovative MERN stack developer with 2 Years of experience and a flair for frontend development. Expertise in creating impactful projects for evaluating freshers, including AI-powered automation for generating capstone projects. Accomplished instructor, guiding learners to excel in MERN stack technologies.

Professional Experience

Infosys

2021 – Present

Key responsibilities:

- Working with React JS and its associated libraries to build and maintain website interfaces with appealing user experience.
- Managing responsiveness using frameworks like Bootstrap and Material UI
- Testing of the functionality of React based codes using Jest and Enzyme

Additional responsibilities:

- Mentoring interns to complete their projects based on MERN Stack technology.
- Creating QP for React Developers which is to be used to assess thousands of new joiners

Projects

1. **AI-enabled Capstone Project Generator**
   - Implemented auto PDF generation and ZIP file Creator code as per the requirement.
2. **Expense Tracker** (Personal)
   - A responsive webpage, where user can add their expenses and track them.
3. **Program Dashboard**
   - An internal application, that was meant to plan the batches for the training purpose.

Certifications

- **Infosys Certified React Professional**
- **Infosys Certified React Web Developer**
- **Infosys Certified Node Professional**
- **Infosys Certified Node Developer**

Languages

- **English** - Read, Write, Speak
- **Hindi** - Read, Write, Speak
